PRESS RELEASE

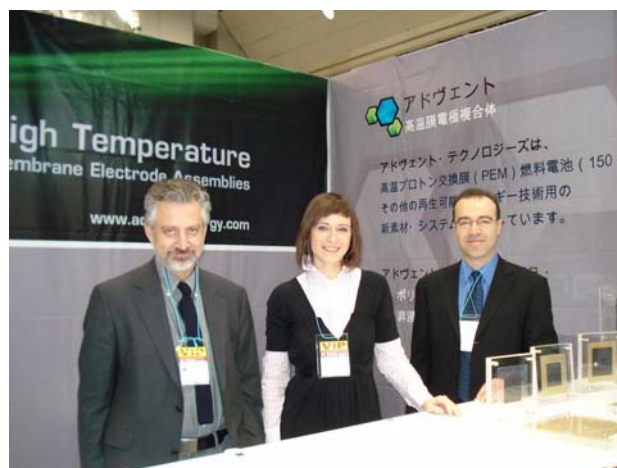

February 25th, 2009

Advent Technologies participates at the FC Expo 2009 in Tokyo, Japan “World’s Largest Industry Event for Hydrogen and Fuel Cell Professionals”

Advent Technologies participated for the first time at the Fuel Cell Expo trade show in Tokyo, Japan. FC Expo is the world’s largest hydrogen and fuel cell event and in combination with PC Expo, Asia’s largest photovoltaic event, they were attended by a record number of 63590 visitors. Advent Technologies were amongst the 925 exhibitors during the three days period of the show.

Dr. St. Neophytides, Chairman, Dr. N. Gourdoupi, Senior Scientist, and Dr. V. Gregoriou, CEO at the 2009 FC Expo

ADVENT TECHNOLOGIES S.A. is engaged in research, development and commercialization of new materials and systems for renewable energy sources. The major effort of the Company focuses on a high temperature PEM fuel cell system based on its proprietary technology. The Company, founded by researchers from the Foundation for Research & Technology-Hellas (FORTH-ICEHT) and the University of Patras in February 2005, is a spin-off operation from these two academic institutions and is funded by industrial partners (Systems Sunlight S.A., Velti S.A, ILPRA S.A.) and private investors. Advent Technologies is headquartered in Athens, Greece and occupies research, development and manufacturing space in the Patras Science Park (PSP) and in its US location in Boston Massachusetts.
