

November 2015

Advent Technologies participation at the 2015 Fuel Cell Seminar in Los Angeles, California
at the Westin Bonaventure on November 16 – 19th.

Advent Technologies will attend the 2015 Fuel Cell Seminar in Los Angeles, California on November 16 – 19 at the Westin Bonaventure. Dr. De Castro presents “A Disruptive Fuel in the System: Electricity from a Carbon-Neutral Energy Carrier” at the 2015 Fuel Cell Seminar, which is an update on their efforts with Los Alamos National Laboratory on direct creation of electricity from environmental diesel.

Attracting an international audience, the Fuel Cell Seminar features the latest fuel cell and hydrogen products, technical and market research, policy updates and commercialization strategies for all applications and market sectors. The Fuel Cell Seminar is the foremost event for networking with industry representatives, customers, stakeholders and decision makers interested in the clean, reliable, resilient power potential of fuel cells.
