

**PRESS RELEASE**

**January 2013**

**Advent Technologies is awarded two FCH JU projects from the FCH JU 2012-1 call**

Advent Technologies is awarded with two projects by the Fuel Cells and Hydrogen Joint Undertaking\* with total funding contribution of 0.32M €. The projects begin in 2013 and end at 2015 and aim in the research and development of advanced novel materials and systems for fuel cell applications, with enhanced lifetime and reduced cost.

IRMFC project 325358

Partners

FORTH/ICE-HT, Advent, UMCS, IMM, UPAT, ZBT, JRC-IET, ENERFUEL, ARPEDON

Total project budget: 3,266,389.65€

DEMSTACK project 325368

Partners

FORTH/ICE-HT, CIDETEC, ICTP, Advent, JRC-IET, HELBIO, PROTOTECH

Total project budget: 5,576,615.00€

*\*The Fuel Cells and Hydrogen Joint Undertaking (FCH JU) is a unique public private partnership supporting research, technological development and demonstration (RTD) activities in fuel cell and hydrogen energy technologies in Europe. Its aim is to accelerate the market introduction of these technologies, realizing their potential as an instrument in achieving a carbon-lean energy system*
