

March 26<sup>th</sup>, 2018**Ambassador of the United States of America to Greece visits Advent Technologies**

Mr. Geoffrey R. Pyatt, visited Advent Technologies during his visit to Patras Science Park. Dr Gregoriou (Advent Chairman of the Board and co-founder) presented to Mr Pyatt the company's activities, described the core technology of the company and introduced to him Advent's main products and targeted markets. Special focus was given in the presence of the company in US through Advent Technologies Inc and the DOE programs which are currently running.

Dr Gregoriou with Mr Pyatt at Advent Technologies facilities

*Advent Technologies is a world leader in advanced materials and devices for transportation, energy, defense, IoT, flow batteries, and hydrogen production applications. The Company is headquartered in Cambridge, MA, USA with additional facilities in Patras, Greece. It has customers with repeat orders in the USA, Europe, and Asia. Advent is a leader in High Temperature MEAs that enable the usage of methanol, natural gas, propane, biomass and other fuels in addition to clean hydrogen. The company owns 31 patents and has received more than 20 prestigious R&D programs in the USA and Europe. Advent has a world-class team of electrochemical scientists and R&D alliances with Northeastern University and University of Patras, FORTH-ICEHT.*
